USAGE WARNING

To prevent damage or injury, please read these warnings carefully and follow all instructions to avoid improper use that may cause loss.

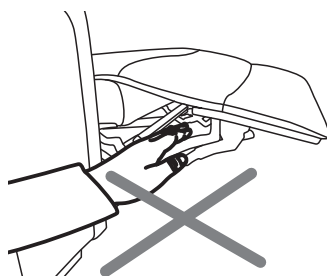

1. Tipping Hazard:

(1). All modules should be connected to keep the powered recliners more stable.

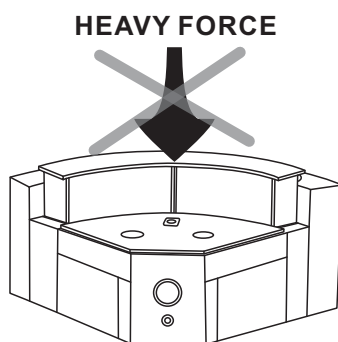

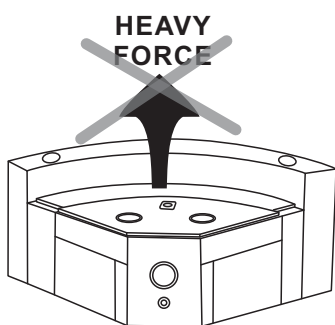

(2). Never try to stand up when the seat is extended. Retract the seat to its sofa position first.

(3). Prevent kids from jumping on the sofa to avoid getting hurt if it tips over.

(4). Keep body parts and pets away from moving metal frame to avoid injury.

2. Cabinet Overload:

Don't apply excessive force to lift or press down on the cabinet. As this may damage the motors system.

USAGE WARNING

3. Cabinet Motor Reset:

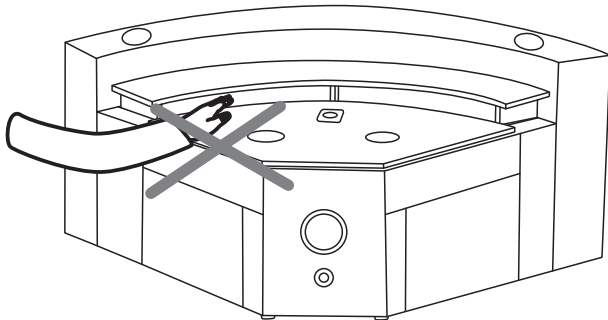

HOLD long time = Reset

The cabinet's lifting and lowering relies on a complex motion system. If it works abnormally after long-term using or an accident. Please try resetting the system by pressing and holding the "DOWN" button on the panel.

4. STOW before Power off:

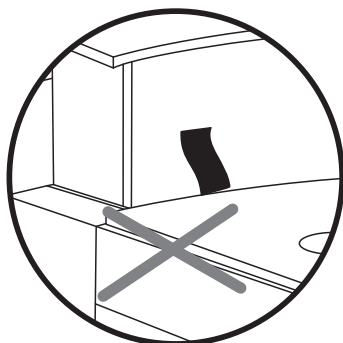

Both the recliner and cabinet motors retain enough force to hold their position when power is cut off. Therefore, please return all movable parts to their original position before disconnecting power.

5. Prevent Pinching:

When the cabinet is lowering, please keep away from moving parts to avoid accidental pinching.

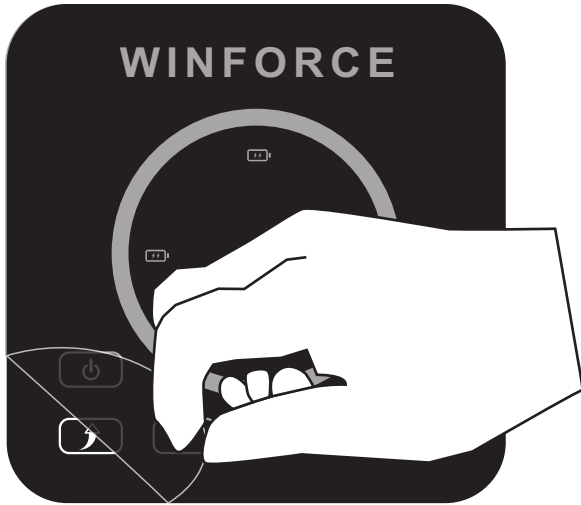

6. Cap Drop Caution:

Avoid letting valuable items - such as cash or mobile phones - fall into cabinet's gaps. Once they fall in, they can't be retrieved unless you remove the bottom cover fabric.

USAGE WARNING

7. Protective Film Removal:

On the electronic panel, there is a thin plastic protective film. Only when you peel it off, will the actual smooth, glossy and shiny glass surface be revealed.

The same protective film is also on the center's pop-up charging compartment - please peel it off as well.
