

Step 1

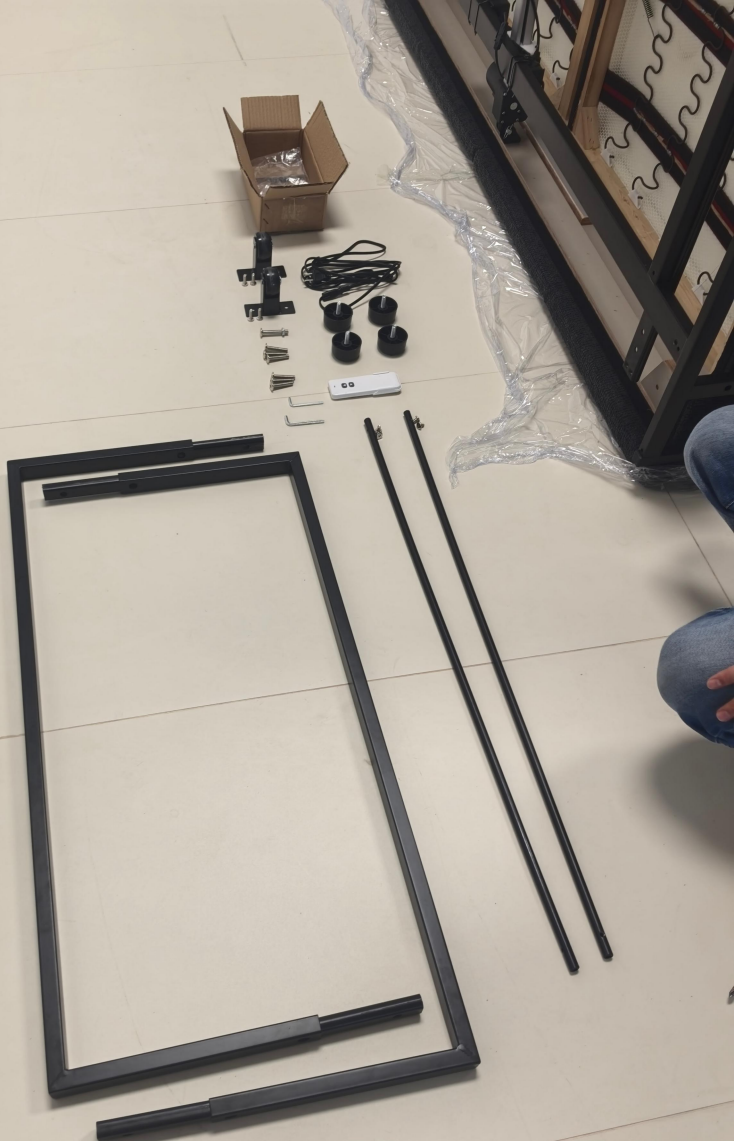

Position the carton upright as indicated on the packaging. Carefully open the carton, taking care not to damage or scratch the sofa.

Step 2

Turn the carton over and carefully remove it while supporting the sofa to prevent it from tipping over.

Step 3

Remove the accessories, sort the screws by type, and prepare for assembly.

Step 4

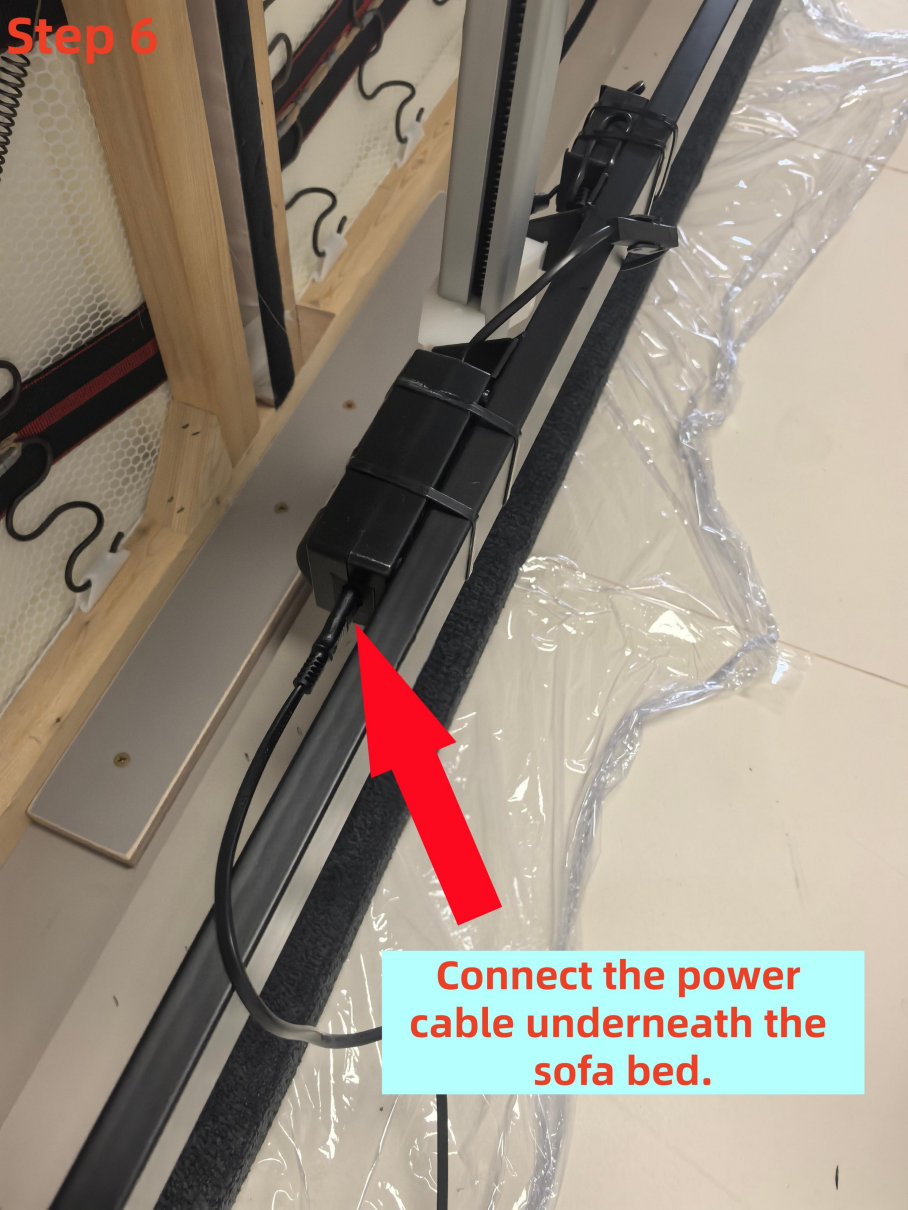

Install the four sofa legs by screwing them securely into the designated mounting holes.

Step 5

**Install the two
caster wheels.**

Step 6

**Connect the power
cable underneath the
sofa bed.**

Step 7

Lay the sofa flat, then insert the U-shaped brackets into the mounting points behind the back cushions.

Step 8

**Slide the round tube
through the bracket
and the fabric sleeve.**

Step 9

Secure both ends of the round tube with the shortest screws.

Step 10

**Align and insert the
two backrests**

Step 11

Insert the backrests into the main frame, then secure them in the center with screws.

Step 12

Identify the left and right armrests, position the screws, but do not fully tighten them yet.

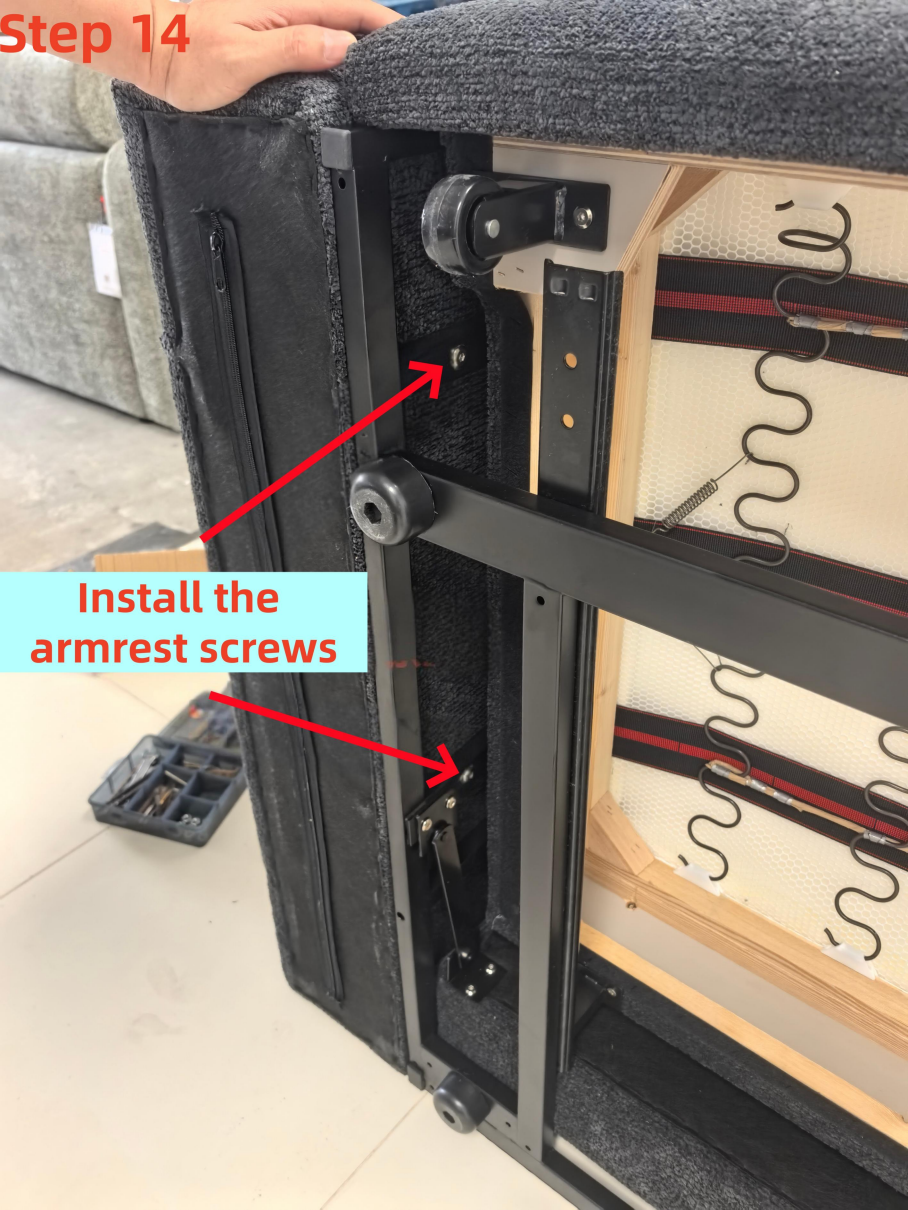

Step 13

Tilt the sofa up, then install the screws underneath to secure the armrests.

Step 14

**Install the
armrest screws**

Step 15

**Tighten the screw
at the back**

Step 16

**Fasten the Velcro
smoothly and evenly.**

Step 17

**Fluff and arrange the
cushions**

Step 18

**Insert the batteries into the remote control
and test the sofa's electric functions**
