S606 SIDE PHOTO

This is how we pack our sofa set

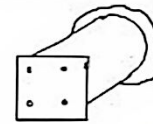

1. Bubble wrap, carboard, and nylon bag in the inner layer.
2. V board on the edges to protect the corner crush.
3. Two straps to prevent sofa set moving away from wooden pallet.
4. plastic warp all around the sofa set to prevent from dust, and minor humid in the air.

LEG INSTRUCTIONS.

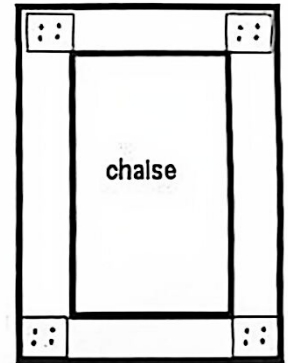

1. flip the sofa opposite down, so the bottom is facing you.

2. take one leg and make sure to align on the corner of sofa or chaise

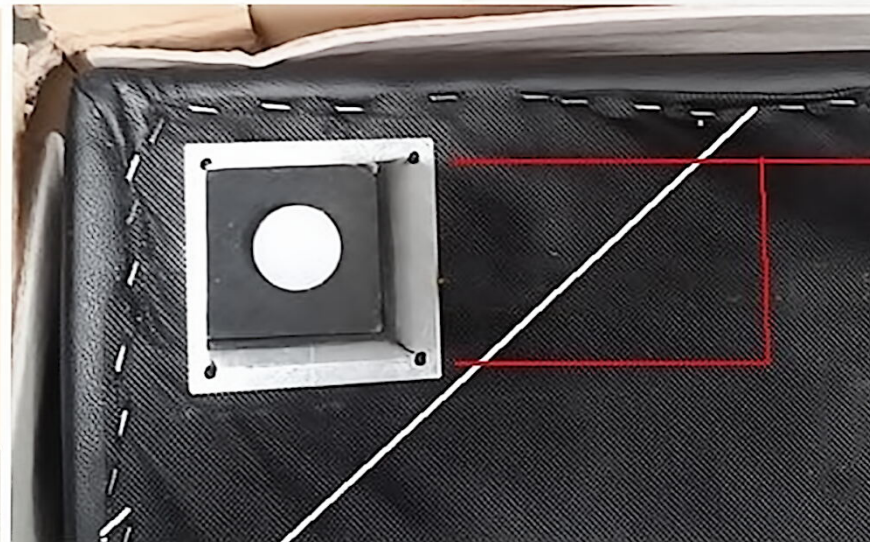

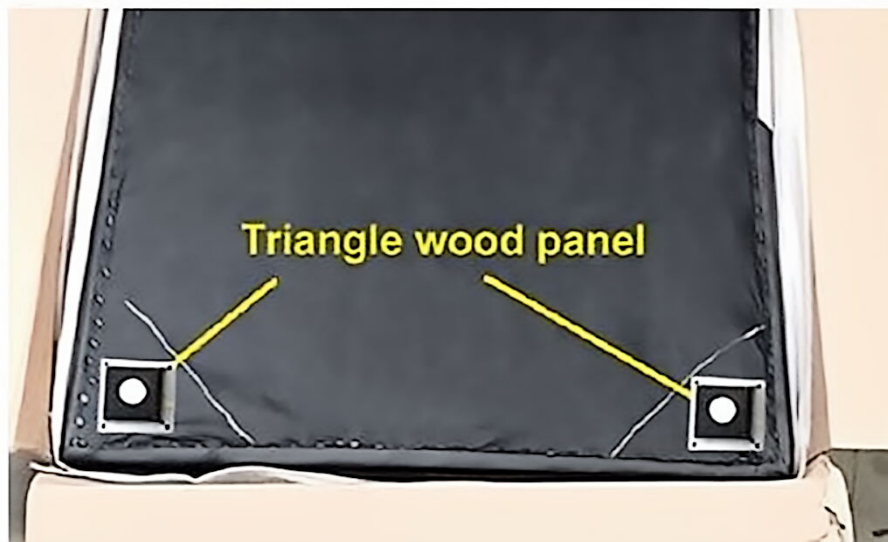

Please kindly make sure the leg is screwed onto solid wood.

3.

Legs can be installed by hand or by using a power tool. If using a power tool please kindly be careful.
